ABOUT

Hey! My name is Filip Valachović and I'm digital artist.
I currently live in Brno, where I grew up, but I have prospects
that I will get somewhere beyond the borders of our state.

I am a student at Tomas Bata University in Zlín,
more precisely in the field of Digital Design.
I graduated from high school with a degree in Motion Design

I worked as an animator and 3D graphic designer in three studios
in Brno, where I gradually gained experience and shaped my taste.
