— Fource Entertainment

Website created in cooperation with [Goout.cz](#). Goal was to highlight and give space for artists. The minimalistic design goes well with the light blue color and big images.

The screenshot shows a website with a light blue header and footer. The header includes the logo 'fource' in a cursive font, navigation links for 'ÚVOD', 'NOVINKY', 'KONCERTY', 'GALERIE', and 'O NÁS', and language links for 'EN' and a magnifying glass icon. The main content area features a large image of a woman with blonde hair screaming with her mouth wide open. Below the image, the text 'Ellie Goulding (UK)' is displayed in bold, followed by '30. 1. 16 18:30 · O2 arena, Praha'. A small paragraph of text is visible at the bottom of the page.

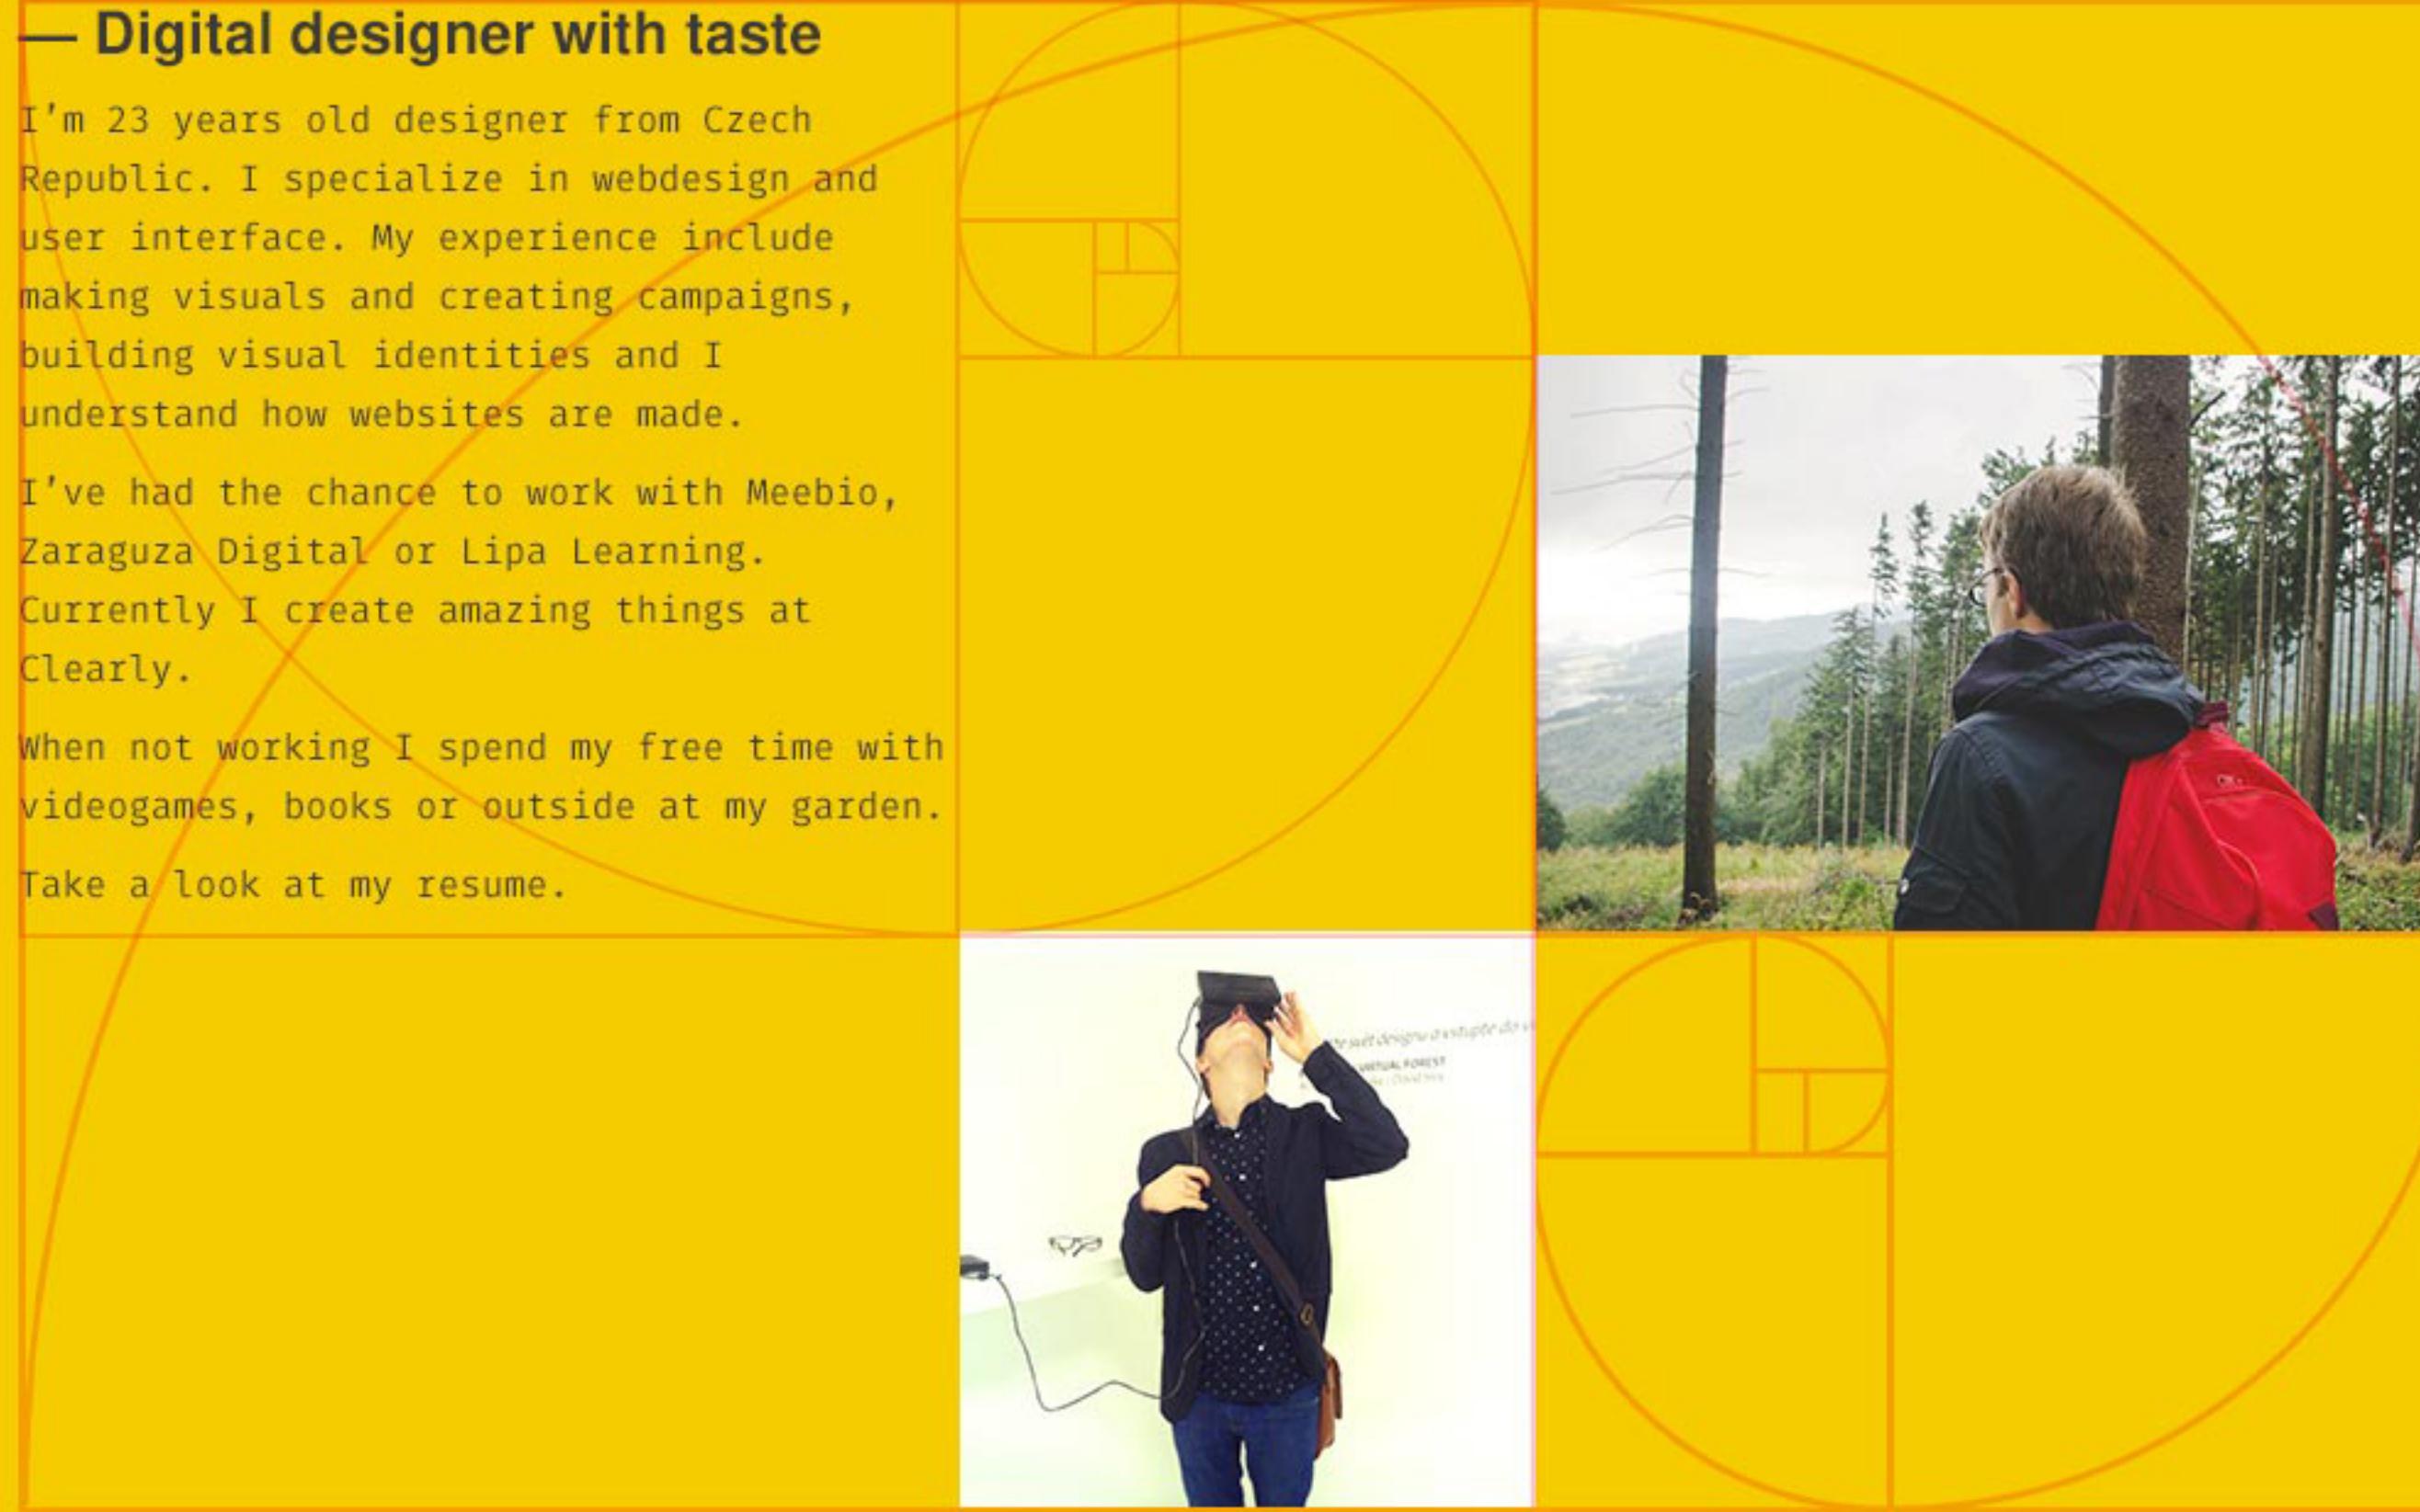

— Digital designer with taste

I'm 23 years old designer from Czech Republic. I specialize in webdesign and user interface. My experience include making visuals and creating campaigns, building visual identities and I understand how websites are made.

I've had the chance to work with Meebio, Zaraguza Digital or Lipa Learning. Currently I create amazing things at Clearly.

When not working I spend my free time with videogames, books or outside at my garden. Take a look at my resume.
